Description :

PDF-da466 | A surgeon and chemist at Guy's Hospital in London, Professor Alfred Swaine Taylor used new techniques to search the human body for evidence that once had been unseen. As well as tracing poisons, he could identify blood on clothing and weapons, and used hair and fiber analysis to catch killers. Taylor is perhaps best remembered as an expert witness at one of Victorian England's most infamous tri... *Fatal Evidence: Professor Alfred Swaine Taylor & the Dawn of Forensic Science*
